4.1.2. The Institution has adequate infrastructure and physical facilities for teaching-learning. Viz, classrooms, laboratories, computing equipment etc.

Nalanda Law College has adequate infrastructure and physical facilities for better teaching – learning process as well as for the all-round development of the students.

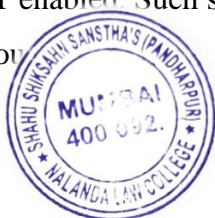

The management is very well aware that Physical activity is crucial to a healthy lifestyle and a good infrastructure is important as it offers a favourable environment for students to feel secure, comfortable and energetic which in turn would help them to focus on learning.

College has infrastructure and physical facilities which are as per dimensions, suggestions of University of Mumbai as well as Bar Council of India.

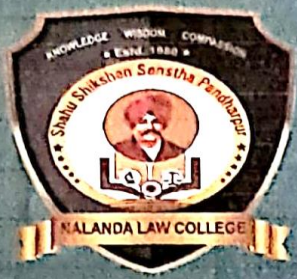

The college premises is well planned and designed in such a way which eases the transition of learning, growing and development of each and every student. The Campus is filled with greenery, well planned roads and ventilated due to architectural designed building. It is surrounded by a fence wall protected by all sides. For complete security there is only one entrance gate which is guarded by the security guard to restrict the entrants and CCTVs are at frequent intervals for safety of staff and students.

In a technological age of Education, Management is keen on computer based learning, for this very purpose the college has smartboards installed in all the classrooms. There are classrooms with ICT facilities. As a replacement for the old teaching pedagogy of chalk and Talk method, at Nalanda Law College each classroom has a white smart board with marker pens which replaces the Marker and Maker system of teaching learning.

Legal education is incomplete without Moot Court. Nalanda Law College has a spacious moot court which is ICT enabled. Such a spacious Mootcourt for practical presentation of law students is a blessing for the young lawyers.

To enhance the teaching-learning process the college conducts various cultural activities which provide students with a platform to showcase their creativity, explore their cultural heritage, sense of identity and belonging, and it also promotes cross-cultural understanding and social harmony. The spacious cultural hall or well-ventilated auditorium is used for organising the cultural activities.

Sport facilities include one huge playground, Badminton Court, Football ground, Yoga Centre. Allied essential like Boys commonroom, Girls Common room, washrooms, lifts etc are amenities.

The Office Administration area includes Principal's cabin, Director's cabin, and Admin office with modern ICT facilities. NAAC room, Cultural space, Conference Hall, Hygienic Canteen are added advantages.

In conclusion, cultural activities, indoor and outdoor sports facilities, gymnasium, yoga centre all have had a significant impact on our student's mental health, well-being and their overall growth. With this, the students no longer stay bookworms. They follow their passion while studying and taking part in other activities maintaining a healthy state of mind.
