REPORT

Members of Nalanda Law college arranged a visit to Juvenile Justice Jail on **20th JULY 2022-27 JULY 2022**. The purpose of the correction homes for juvenile is to separate criminals from the society in which they would operate. Corrections operate as part of the criminal-justice system, providing housing and programs for offenders who have been convicted of crimes that necessitate the loss of freedom for the offender. Needless to mention, these are known as correction homes which operate for reformatory system of punishment.

The Superintendent gave us an insight about the daily routine of the inmates regarding their study pattern, extra-curricular activities, leisure time and medical checkups. This visit gave immense opportunity to our students to interact with the children who have committed crime or by some other reasons are sent to the juvenile correction home and to examine every part of the juvenile correction home.
